

An aerial view of a long wooden boat on a body of water. Several people are inside the boat, some wearing life jackets. The water is dark blue with ripples. The boat is moving from the bottom left towards the top left of the frame.

GIZ-PGE

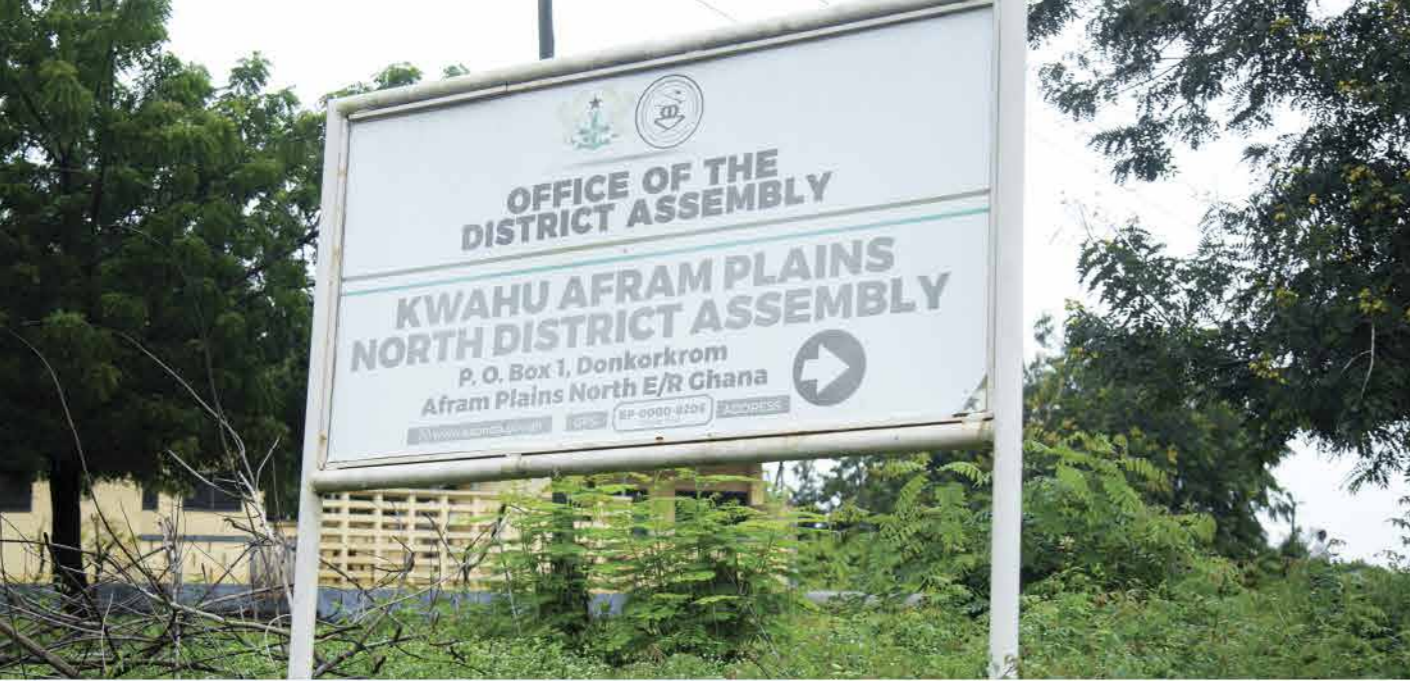

The 'Green People's Energy' (PGE) project PN 18.2176.8-050.00 is a country measure of a global programme commissioned by the German Federal Ministry of Economic Cooperation and Development (BMZ) to improve conditions for supplying rural regions in selected African countries, including Ghana, with decentralised renewable energy (RE) with the participation of citizens and businesses.
